Letter No. 2670, dated the 2nd November 1900, from the Comptroller in Mysore, stating with reference to Government Proceedings No. 5655-7—L. F. 21-1900, that, for reasons stated, it is not possible to close the accounts finally before the end of November 1900.

Letter No. 4778, dated the 26th October 1900, from the Examiner, Public Works and Railway Accounts, stating that the accounts of expenditure under District Funds for June 1900 were sent duly audited on the 16th October 1900, to the President of the Kadur district.

No. 8134-42—L. F. 21-1900, DATED BANGALORE, 17TH DECEMBER 1900.

ORDER THEREON—Government consider that delay in the issue of audited accounts for June 1900, in the office of the Comptroller, is mainly due to the omission on the part of the Presidents of the Municipal and Local Fund Boards to transmit their monthly accounts to the Comptroller on or before the prescribed dates, and that when punctuality is secured in this direction, the Comptroller will, it is hoped, be able to send out the audited accounts in time to admit of their embodiment by Presidents in their Annual Administration Reports. The attention of the Presidents is therefore invited to the clear instructions conveyed in Government Proceedings No. 4532-40—L. F. 16-92, dated the 8th September 1893, and reiterated in their recent Order No. 6239-47—L. F. 20-900, dated 5th November 1900, and they are requested to see that in future their accounts and reports are invariably submitted on or before the prescribed dates and that explanations are submitted to Government in every case of delay.

2. As it is of the utmost importance that Government Reviews on the Administration Reports should be issued as early as possible after the expiration of each year, the Presidents who have not as yet submitted their Annual Reports are requested to do so at once with complete information under all heads, adopting therein figures as per audited cash accounts forwarded to them by the Comptroller and the Examiner, Public Works Accounts, without waiting for the final accounts from the Comptroller.

3. The Comptroller will likewise submit as early as practicable his Annual Accounts for the year 1899-1900 with subsidiary or detailed statements.
